

How To Make Playdough

Two cups of flour

One cup of salt

Two tablespoons of cooking oil

Two tablespoons of cream of tartar

Food colouring or paint

1)

Combine the cream of tartar, salt, flour and oil together

2)

Pour water not adding to much at once and stir ingredients together you can add the food colouring now or later.

3)

Start kneading together if the playdough feels sticky just add some more flour

4) Finished playdough lets have some fun

Store after in a box to keep fresh and reuse
