

COVID-19 STOP THE SPREAD

Weekly Bulletin No. 2

Monday 6th April 2020

Dear Parents,

As we enter the third week of social restrictions, I hope you are all coping well and that you all remain healthy & well.

Although the nursery sites continue to be closed for most children, the staff remain busy with your child's Learning Journals & planning activities for children's home learning, and also for when we return. Unfortunately, we do not yet know when this will be, but we are closely monitoring Government advice.

This week some children have enjoyed taking part in conference calls together with their Key Person, this has proved to be a lot of fun and the children have delighted in seeing each other. We will endeavour to continue with this. You will receive an email with a link if your child's key worker is able to facilitate this.

We hope you have found the link to the home learning ideas within our website, as each week progresses, this will be updated. Today we have added the link to the fabulous Hungry Little Minds site, here you will find many more brilliant activities that you can do with your child to support their development and to prepare them for starting school.

Easter holidays have now begun, despite this if you are a Key Worker/ Front line staff member please be aware that should you require childcare this can be arranged via a request from the link on the home page of our website.

Please do let us know if you have any questions or queries, we are answering queries on the same day where possible.

Please look after yourselves and keep an eye out where you can for your neighbours. If you have been joining in the weekly Thursday clapping for the NHS, send us your videos and we'll be glad to share via our social media posts.

With all best wishes

Jo Kavakeb
Nursery Owner
